

WEBVTT

NOTE duration:"00:03:55.2430000"

NOTE language:en-us

NOTE Confidence: 0.85431224

00:00:00.000 --> 00:00:02.154 Hi Marian, so I'd love to

NOTE Confidence: 0.85431224

00:00:02.154 --> 00:00:04.101 hear your perspective of the

NOTE Confidence: 0.85431224

00:00:04.101 --> 00:00:06.256 benefits of this TREC workshop.

NOTE Confidence: 0.85431224

00:00:06.260 --> 00:00:08.024 Mostly for population scientist

NOTE Confidence: 0.85431224

00:00:08.024 --> 00:00:10.229 studying energy bounce and cancer.

NOTE Confidence: 0.85431224

00:00:10.230 --> 00:00:12.290 This is a phenomenal workshop

NOTE Confidence: 0.8498145

00:00:12.290 --> 00:00:14.305 for all the population scientists

NOTE Confidence: 0.8498145

00:00:14.305 --> 00:00:16.799 because they get contact with clinicians

NOTE Confidence: 0.8498145

00:00:16.799 --> 00:00:19.265 and also with basic scientists,

NOTE Confidence: 0.8498145

00:00:19.270 --> 00:00:21.736 an I think that this can

NOTE Confidence: 0.8498145

00:00:21.736 --> 00:00:23.380 help inform their research,

NOTE Confidence: 0.8498145

00:00:23.380 --> 00:00:25.864 produce new collaborations for them and

NOTE Confidence: 0.8498145

00:00:25.864 --> 00:00:28.730 really help them along in their careers.

NOTE Confidence: 0.8498145

00:00:28.730 --> 00:00:30.720 Often the population scientists stay

NOTE Confidence: 0.8498145

00:00:30.720 --> 00:00:33.660 in their own corner of the building,

NOTE Confidence: 0.8498145

00:00:33.660 --> 00:00:37.359 or they may even be in a separate building,

NOTE Confidence: 0.8498145

00:00:37.360 --> 00:00:39.475 so having contact with clinicians

NOTE Confidence: 0.8498145

00:00:39.475 --> 00:00:40.744 and basic science.

NOTE Confidence: 0.8498145

00:00:40.750 --> 00:00:42.844 Artists helps to broaden their outlook

NOTE Confidence: 0.8498145

00:00:42.844 --> 00:00:44.940 on conducting their research, and thanks

NOTE Confidence: 0.8685976

00:00:44.940 --> 00:00:47.028 for your participation in the course.

NOTE Confidence: 0.8685976

00:00:47.030 --> 00:00:47.814 You're welcome.

NOTE Confidence: 0.8685976

00:00:47.814 --> 00:00:49.774 Thanks, Doctor Gently Gabel for

NOTE Confidence: 0.8685976

00:00:49.774 --> 00:00:51.820 participating in the TREC workshop.

NOTE Confidence: 0.8685976

00:00:51.820 --> 00:00:53.460 So as a clinician scientists,

NOTE Confidence: 0.8685976

00:00:53.460 --> 00:00:56.732 what do you think the benefits of this

NOTE Confidence: 0.8685976

00:00:56.732 --> 00:01:00.060 course are for other clinicians? So I

NOTE Confidence: 0.90402853

00:01:00.060 --> 00:01:02.046 think that for clinicians that are

NOTE Confidence: 0.90402853

00:01:02.046 --> 00:01:04.327 interested in this field many times they

NOTE Confidence: 0.90402853

00:01:04.327 --> 00:01:06.862 may feel like they're the only person at

NOTE Confidence: 0.90402853

00:01:06.862 --> 00:01:08.827 their institution with these interests,

NOTE Confidence: 0.90402853

00:01:08.830 --> 00:01:10.713 and I think it's so helpful for

NOTE Confidence: 0.90402853

00:01:10.713 --> 00:01:12.930 clinicians to be able to connect with

NOTE Confidence: 0.90402853

00:01:12.930 --> 00:01:14.952 the basic scientists with the nutrition

NOTE Confidence: 0.90402853

00:01:15.008 --> 00:01:16.973 and physical activity and behavior

NOTE Confidence: 0.90402853

00:01:16.973 --> 00:01:18.938 change experts to really understand

NOTE Confidence: 0.90402853

00:01:18.940 --> 00:01:20.926 how to build a multidisciplinary team

NOTE Confidence: 0.90402853

00:01:20.926 --> 00:01:23.317 and to understand also how a clinical

NOTE Confidence: 0.90402853

00:01:23.317 --> 00:01:25.339 perspective can really inform this work.

NOTE Confidence: 0.90402853

00:01:25.340 --> 00:01:27.188 I think that building these types

NOTE Confidence: 0.90402853

00:01:27.188 --> 00:01:29.050 of connections is so important,

NOTE Confidence: 0.90402853

00:01:29.050 --> 00:01:29.912 because, really.

NOTE Confidence: 0.90402853

00:01:29.912 --> 00:01:32.929 This work needs to be transdisciplinary to

NOTE Confidence: 0.84691477

00:01:32.930 --> 00:01:34.610 be successful. Thank you.

NOTE Confidence: 0.84691477

00:01:34.610 --> 00:01:37.118 So Doctor Linden Ebling from NCI.

NOTE Confidence: 0.84691477

00:01:37.120 --> 00:01:39.768 You had the vision back in 2004 to

NOTE Confidence: 0.84691477

00:01:39.768 --> 00:01:41.499 bring together a transdisciplinary

NOTE Confidence: 0.84691477

00:01:41.499 --> 00:01:43.499 group of scientists focused

NOTE Confidence: 0.84691477

00:01:43.499 --> 00:01:45.499 on energy bouncing cancer.

NOTE Confidence: 0.84691477

00:01:45.500 --> 00:01:48.440 So your vision then versus your vision.

NOTE Confidence: 0.84691477

00:01:48.440 --> 00:01:50.960 Now as it stayed the same

NOTE Confidence: 0.84691477

00:01:50.960 --> 00:01:53.050 as it changed to me.

NOTE Confidence: 0.84691477

00:01:53.050 --> 00:01:54.718 Your thoughts? Well I

NOTE Confidence: 0.84691477

00:01:54.720 --> 00:01:57.072 would say the application of what

NOTE Confidence: 0.84691477

00:01:57.072 --> 00:01:59.671 tricks started within words grown has

NOTE Confidence: 0.84691477

00:01:59.671 --> 00:02:01.599 exceeded all original expectations.

NOTE Confidence: 0.84691477

00:02:01.600 --> 00:02:04.258 In that it's continued to strengthen

NOTE Confidence: 0.84691477

00:02:04.258 --> 00:02:06.900 and grow a research community,

NOTE Confidence: 0.84691477

00:02:06.900 --> 00:02:09.876 an consortium for individuals to think

NOTE Confidence: 0.84691477

00:02:09.876 --> 00:02:12.200 beyond their original disciplinary box.

NOTE Confidence: 0.84691477

00:02:12.200 --> 00:02:14.420 It's also enabled the cyantific  
NOTE Confidence: 0.84691477

00:02:14.420 --> 00:02:17.510 directions to become much more integrated,  
NOTE Confidence: 0.84691477

00:02:17.510 --> 00:02:19.945 and translation ulto areas of  
NOTE Confidence: 0.84691477

00:02:19.945 --> 00:02:22.380 science that were not originally  
NOTE Confidence: 0.84691477

00:02:22.466 --> 00:02:25.220 grasped into the concept as before,  
NOTE Confidence: 0.84691477

00:02:25.220 --> 00:02:28.280 and it's helped maintain a very  
NOTE Confidence: 0.84691477

00:02:28.280 --> 00:02:31.275 competitive and dynamic edge to the  
NOTE Confidence: 0.84691477

00:02:31.275 --> 00:02:33.885 focus of the research and science.  
NOTE Confidence: 0.86091819

00:02:33.890 --> 00:02:35.682 Great thank you. So,  
NOTE Confidence: 0.86091819

00:02:35.682 --> 00:02:37.922 Doctor Henry Thompson from Colorado  
NOTE Confidence: 0.86091819

00:02:37.922 --> 00:02:40.429 State University you've been a part  
NOTE Confidence: 0.86091819

00:02:40.429 --> 00:02:43.241 of this trek workshop for the last  
NOTE Confidence: 0.86091819

00:02:43.241 --> 00:02:45.866 two years as a basic scientist doing  
NOTE Confidence: 0.86091819

00:02:45.866 --> 00:02:47.662 energy balance in Cancer Research.  
NOTE Confidence: 0.86091819

00:02:47.662 --> 00:02:51.122 So what do you think are the benefits of  
NOTE Confidence: 0.86091819

00:02:51.122 --> 00:02:53.660 this workshop to other basic preclinical

NOTE Confidence: 0.8598158

00:02:53.660 --> 00:02:56.390 scientists? Wow is what I was saying.

NOTE Confidence: 0.8598158

00:02:56.390 --> 00:02:59.120 It is been a great opportunity to

NOTE Confidence: 0.8598158

00:02:59.120 --> 00:03:01.688 build community, build a vocabulary

NOTE Confidence: 0.8598158

00:03:01.688 --> 00:03:05.264 that we can all understand and.

NOTE Confidence: 0.8598158

00:03:05.270 --> 00:03:06.326 Test ideas out.

NOTE Confidence: 0.8598158

00:03:06.326 --> 00:03:08.790 I always look for the opportunities for

NOTE Confidence: 0.8598158

00:03:08.857 --> 00:03:11.467 epiphanies and this has been perfect

NOTE Confidence: 0.8598158

00:03:11.467 --> 00:03:14.110 environment through just random conversation.

NOTE Confidence: 0.8598158

00:03:14.110 --> 00:03:16.576 Suddenly you have an insight and

NOTE Confidence: 0.8598158

00:03:16.576 --> 00:03:19.996 then you share that with a lot of

NOTE Confidence: 0.8598158

00:03:19.996 --> 00:03:22.106 young people who are enthusiastic.

NOTE Confidence: 0.8598158

00:03:22.110 --> 00:03:24.474 Anet embellishes the insight and gives

NOTE Confidence: 0.8598158

00:03:24.474 --> 00:03:27.015 you critical feedback that you wouldn't

NOTE Confidence: 0.8598158

00:03:27.015 --> 00:03:29.265 necessarily get from experience people,

NOTE Confidence: 0.8598158

00:03:29.270 --> 00:03:32.147 so this is this is it just

NOTE Confidence: 0.8598158

00:03:32.147 --> 00:03:33.920 generates excitement and recharges

NOTE Confidence: 0.8598158

00:03:33.920 --> 00:03:36.620 the battery not just for the.

NOTE Confidence: 0.8598158

00:03:36.620 --> 00:03:38.332 Young felt younger fellows

NOTE Confidence: 0.8598158

00:03:38.332 --> 00:03:39.616 for experienced people,

NOTE Confidence: 0.8598158

00:03:39.620 --> 00:03:43.472 so it is truly what science should be about.

NOTE Confidence: 0.8598158

00:03:43.480 --> 00:03:46.504 And I say that I don't know of any

NOTE Confidence: 0.8598158

00:03:46.504 --> 00:03:49.544 other event forum in which I've

NOTE Confidence: 0.8598158

00:03:49.544 --> 00:03:51.636 seen this happen consistently.

NOTE Confidence: 0.8598158

00:03:51.640 --> 00:03:54.208 It's a great experience do it.

NOTE Confidence: 0.8598158

00:03:54.210 --> 00:03:55.242 Thank you.
